CHARITIES

Funds raised will support PATH Pals, a suicide prevention puppet show initiative provided at no cost to schools throughout McLean County. This program is designed to promote early intervention and reduce stigma around mental health by providing education in a way that is accessible, supportive, and developmentally appropriate.

Funds raised will go to the Bloomington office to support individuals and families facing significant legal issues threatening their basic human needs such as safety, housing, and access to medical care.

Thank you, Bloomington-Normal, for 25 years of Bruegala!
